

WBSA Athlete Scholarship service Package

Below is a table of what Athletes Receive during a normal scholarship period. Some resources may change and not all services occur each year. There are also two levels of scholarship available and not all services are provided to the Development Squad members.

Services, Facilities, Equipment	How many times per program?	Per athlete-retail/commercial value
Physiotherapy / functional movement screening	1	\$100
Physiological performance testing (field and gym)	2	\$300
Strength and conditioning plan development that is reviewed and updated as required throughout the program.	ongoing	\$750
Monitoring of athlete's training, wellbeing, and progression	ongoing	\$250
Gym access with supervised qualified coaches	ongoing	\$400
Group sport specific camps supervised by visiting HP coaches and trainers.	Minimum 3/ program	\$400

Athlete management system + data collection	1	\$150
Numerous education workshops – Nutrition, media, brand, psychology, physio, wellness	ongoing	\$200
Education weekend	1 x 2-day event	\$100
Triage service at Physio – every Monday	Ongoing	\$200
Discounted physio and nutrition appointments	ongoing	% of invoice
Polo shirt	1	\$50

The retail / commercial value is not necessarily what WBSA pays for services. It is what it could cost the athlete or their sport association to buy the service. Group sessions are low-cost due to costs being shared across several athletes.

Due to the improved home training environment athletes will likely reduce travel to Brisbane saving costs on travel, accommodation and loss of time.

WBSA calculated the retail value of our program to be in the vicinity of \$3000, this doesn't include the advantages to the athlete of less travel time, sleeping in their own bed, not having to be away from family and friends and being able to attend school.
